COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

It is a pleasure to present the report of 1945, because of the fact that even though the conditions were very bad, in many respects, Carroll County got on well, and had not the State Tax Commission changed the usual routine of the payment of bills, the County would have closed its books with a substantial amount in the treasury.

It has long been the custom to pay the bills of one month, on the first Tuesday of the following month. This, of course would cause the December bills of each year to be paid in January of the following year. The Tax Commission suggested that all accounts be closed December 31st and this was done by the making of two payments in December, the usual one on the first Tuesday, for November bills, and a thirteenth payment December 31st for December bills.

The idea is a good one, of which the Commissioners approved, but the extra payment used up a balance of approximately \$10,000.00 which would have been surplus, and deductible from the 1946 appropriation. This explanation accounts for the increased budget of 1946.

All kinds of relief were low during the year, and no appropriation was wholly used up. Quite a bit of money was left from that raised for Dependent Children, despite the fact that the price paid per month for a dependent child was increased from \$20.00 to \$25.00 per month.

It was a strenuous year for our Home Superintendent and Matron. What with the shortage of help, Carroll County is fortunate that both Mr. and Mrs. Severance are able and willing to take over at any time, in any place where the occasion demands, and it should be known that these cases were many in 1945.

The old heating system has been inadequate for several years, so since there was no one available to attend the fires last fall, it was thought advisable to install a stoker. After considerable investigation the "Anchor" was decided upon, at a cost of \$1495.00, installed, complete with motorized valves. This is doing excellent work, keeping the whole place at an even heat, and with the use of much less fuel.

Another improvement, as well as a great time and labor saver, was the purchase of an electric baker, where 15 loaves of bread and as many pies can be baked at the same time.

It will be remembered that the County Hospital was closed in 1944, because registered nurses could not be secured. The rooms have been kept open however, and a practical nurse retained. The reason for this is the fact that there are several chronic cases in the institution, who do not need actual hospitalization, but should have some care, which a practical nurse can give. It is also necessary to have some one for the dispensation of medicines to those in the almshouse.

No especial construction could be attempted during 1945, but about \$1200.00 was spent for new windows, clapboarding, painting and papering. The outside of the almshouse is greatly in need of painting, and as soon as conditions warrant an appropriation will be needed for this work.

The County herd has increased to some sixty cattle now, and a good number of these are pure or well bred Holstein heifers, which have been vaccinated for Bangs Disease. This ailment which has caused a great deal of worry in recent years, was at a new low in 1945, with a loss of only nine creatures during the whole year.

The farm as usual, was very productive, and large amounts of all kinds of produce were canned, or placed in the Freezer lockers. Nearly a ton and a half of butter was made; the same amount, in weight, of pork was raised and consumed, as well as two tons of beef. \$1400.00 worth of pigs was sold, and at the end of the year there were sixty odd swine on the place.

This report cannot be ended without a repitition of what was said last year about the apparent non-interest of Carroll County people in their institution, as evidenced by the VERY FEW who ever call to look the place over. There are no especial visiting hours, but people are welcome at any time, and it would certainly show that the taxpayers are interested, if they would call occasionally.

AUDITOR'S CERTIFICATE**CARROLL SS****To the Superior Court:**

The undersigned, Auditors for said county of Carroll, respectfully represent and report that we have examined the accounts of the County Commissioners, County Treasurer and Superintendent of the County Farm from January 1, 1945 to December 31, 1945 inclusive, and find them supported by proper vouchers.

We believe that articles purchased for the County have been bought at their market value, and used for the benefit of the County.

We have audited the bills of the County Commissioners for services and expenses during said term amounting to \$2084.17.

H. C. LOVEJOY
ANSEL N. SANBORN
County Auditors

Clerk

SOLICITOR'S REPORT

To the Carroll County Commissioners:

In 1945 twelve indictments were returned, one information filed and eight appealed cases filed in Superior court.

There were seven cases of assault; two cases of adultery; six cases of breaking and entry and larceny; one case of larceny; one case of damage to county property; one case for neglect of minor children; and one motor vehicle violation.

Three respondents were committed to State Prison; one to the House of Correction; and in six cases suspended sentences were given or the cases were continued for sentence. There are two secret indictments which have not been disposed of.

The County is not a party to any action before the Superior Court.

Respectfully submitted,
PRESTON B. SMART,
Solicitor.

\$626 94

REPORT OF COUNTY PHYSICIAN

Health conditions at the County Home during the year 1945 were not unusual.

There were no births; there were three deaths.

There were no epidemics and diseases were limited to conditions inherent to old age.

Hospital care was sharply curtailed at the Home since the closing of the hospital due to the lack of nurses.

It would be desirable to reopen the hospital at the earliest possible moment in order to relieve the general hospitals of the County which are overburdened with patients requiring emergency treatment.

The Superintendent and Matron at the Home should be highly commended for their excellent work and their devotion to the patients. The morale of the Home is the highest it has been for many years despite the difficult labor situation.

Respectfully submitted,
FRANCIS J. C. DUBE, M. D.
